Professional Summary

Software Engineer with **4.5+ years of professional experience** in designing, developing, and maintaining scalable software applications. Specialized in **.NET Core, C#, ASP.NET Core Web API, Entity Framework Core, React, PostgreSQL and SQL**. Experienced in **backend, full-stack, and microservice-based systems** across e-commerce, inventory, ERP, and HR/Payroll domains. Strong in API development, database operations, debugging, problem solving, performance optimization, teamwork, and stakeholder collaboration.

Core Technologies

C# .NET Core ASP.NET Core Web API EF Core PostgreSQL MSSQL Microservices REST API LINQ
Git Kafka gRPC

Professional Experience

Software Engineer

Cartup Ltd. – Concern of US-Bangla Group

Jul 2023 – Present

Dhaka, Bangladesh

- Develop and maintain scalable backend services for a **microservice-based e-commerce platform** using **ASP.NET Core, C#, Entity Framework Core, PostgreSQL, and REST APIs**.
- Work extensively on the **Cartup Inventory Service**, handling inventory, stock movement, inbound/outbound operations, and product availability.
- Design and implement REST APIs and business logic for inventory-related workflows.
- Develop and optimize complex **PostgreSQL queries** for business operations, reporting, and data processing.
- Investigate and resolve production issues, bugs, data inconsistencies, and application performance problems.
- Collaborate with frontend developers, QA engineers, product teams, and business stakeholders throughout feature development.
- Participate in requirement analysis, technical discussions, debugging, and code reviews.

Key Project: Inventory

.NET Core PostgreSQL EF Core Microservices

Trainee Software Engineer

ERA Infotech Ltd.

Nov 2022 – Jul 2023

Dhaka, Bangladesh

- Worked as a **Full Stack .NET Developer** using **ASP.NET Core, C#, Angular, and Oracle Database**.
- Developed and maintained modules for an **HR and Payroll Management System**.
- Worked on **Employee Management, Leave Management, Performance Management, and Training Management** modules.
- Developed backend **REST APIs, business logic, and database operations** using ASP.NET Core.
- Built Angular frontend components and integrated them with backend APIs.
- Wrote and optimized **Oracle SQL queries** for application functionality and data processing.
- Performed debugging, testing, bug fixing, and enhancement of existing features.

Key Project: People Hub

ASP.NET Core Angular Oracle

Associate Software Engineer

Mass Data Ltd.

Nov 2021 – Nov 2022

Dhaka, Bangladesh

- Developed features for an **Enterprise Resource Planning (ERP)** solution supporting garments, steel, and accessories industries.
- Developed backend APIs and business logic using **ASP.NET Core, C#, and Entity Framework Core**.
- Implemented ERP modules and database operations according to business requirements.
- Developed SQL queries using **LINQ and Lambda expressions**.
- Developed operational and analytical reports using **RDLC Reports**.
- Debugged application issues and collaborated with team members to deliver new functionalities.

Key Project: Enterprise Resource Planning

ASP.NET Core EF Core SQL RDLC

Selected Projects

Cartup

Microservice-based e-commerce platform. Worked primarily on the Inventory Service and inventory-related backend operations.

People Hub

HR and Payroll system covering Employee, Leave, Performance, and Training Management.

US-Bangla Land Asset Purchase & Sale

Land/property buying and selling platform. Worked on backend development, API implementation, business logic, and database operations.

Enterprise Resource Planning

ERP solution supporting garments, steel, and accessories industries with business modules and analytical reports.

Technical Expertise

Backend	C#, .NET Core, ASP.NET Core Web API, MVC, FastEndpoints, Minimal API, REST API
Frontend	Basic(React), JavaScript, jQuery, HTML5, CSS3, Bootstrap, Tailwind CSS, MUI
Database	PostgreSQL, Oracle Database, Microsoft SQL Server, SQL, Entity Framework Core
Architecture	Microservices, Clean Architecture, Object-Oriented Programming, Dependency Injection
Development	LINQ, Lambda Expressions, API Integration, Debugging, Performance Optimization
Tools	Visual Studio, VS Code, Git, pgAdmin 4, RDLC Reports

Education

Bachelor of Science in Computer Science & Engineering

American International University-Bangladesh

CGPA: 3.75 / 4.00

2017 – 2021

Dhaka, Bangladesh

Higher Secondary School Certificate

Ideal College, Dhanmondi

GPA: 5.00 / 5.00

2015

Dhaka, Bangladesh

Secondary School Certificate

Bagoan K.C.V.N High School

GPA: 5.00 / 5.00

2013

Kushtia, Bangladesh

Publications

Simple PatronusR Implementation in .NET

A .NET NuGet library supporting request/response, commands, and queries using C# generic variance.

An Expedition to Intelligent Diagnosis of Bone Cancer and Its Direction from Capsule Network

2022 | Capsule Network achieved **95.26% accuracy** in bone cancer classification from MRI and CT images with limited data.

Certifications & Awards

Certifications	Certified in HTML5, CSS3, and JavaScript; Coursera Certifications
Award	GPA 5 Award – Ideal College, Dhanmondi

Languages

Bangla
Native / Bilingual

English
Conversational
